

H.G. CONCENTRATE

Technical Data	Synthetic Detergent & Cleaner					
	DESCRIPTION:	Synthetic detergent, yellow, lemon odour.				
USED FOR:	H.G. Concentrate is a free rinsing liquid, neutral multi-purpose cleaner, designed specifically for cleaning maintaining floors of asphalt, rubber, cork, linoleum, plastic, tile, marble, terrazzo marble, ceramic and sealed wood floors.					
ADVANTAGES:	<p>H.G. Concentrate is highly concentrated and will perform as a cleaner and a light duty stripper, depending upon use dilution rations. As it contains no free alkalies, it is not harmful to most skin. It is free rinsing or can be used safely on any surface where water is used.</p> <p>Concentrated product with dilutions up to 50:1. Multi-use application product. Contains no free alkalies. Non harmful to normal skin. Safe on any surface where water can be used. No rinse formula. Leaves pleasant deodorizing effect. Biodegradable.</p>					
DIRECTIONS:	<p>Floor Surfaces: Scrub or mop floors with a solution of 0.25 litres HG Concentrate to 8 litres warm water. Remove dirt with squeegee or damp mop. Rinse floor if desired.</p> <p>Light Duty Wax Removal: Mix 100 mil-litre HG Concentrate to 1.0 litres hot water. Mop on floor and let soak for 10 minutes. Scrub with mop or machine. Rinse thoroughly to remove old wax.</p> <p>Other Surfaces: For walls, woodwork, tile, porcelain, enamel, & metal. Wipe surfaces clean with a sponge wetted in a solution of 60-129 cc of HG Concentrate and 4 litres warm water. Wipe off soil with a clean cloth or sponge. Rinse sponge frequently to prevent soil build up.</p>
