

# MIROKEM

<h1>Technical Data</h1>	<b>Automatic Dish Detergent</b>					
	<b>DESCRIPTION:</b>	Brown liquid, odourless.				
<b>USED FOR:</b>	<p>MIROKEM is a blend of powerful, non-foaming liquid detergents, water softeners and de-foamers, for use in commercial dishwashing equipment. It is a 100% active product containing no fillers as found in many commercial powdered products. It has water softening agents built in to fight lime build up in the wash cycle to reduce spotting and streaking. MIROKEM will not harm the finest glaze on china and will not tarnish the most expensive silverware. Its non-foaming characteristics helps and assures full operational efficiency of dishwashing machines. MIROKEM is an industrial concentrate and should be diluted according to label instructions.</p>					
<b>ADVANTAGES:</b>	<p>100 % active ingredients for maximum cleaning power.          Dissolves completely in hot or cold water.          Built in softeners reduce lime build up.          Will not harm fine china glaze.          Will not tarnish expensive silverware.          Safe on plastics.          Non foaming.          Highly concentrated.</p> <p>For the most effective and economical results, MIROKEM should be dispensed via an automatic feeder. If an automatic feeder is not available, use only 30 ml per 4 litres water manually.</p> <p>MIROKEM is approved by Agriculture Canada for use in registered establishments.</p>
