

STAPOL

<h1>Technical Data</h1>	Stainless Steel Cleaner & Polish							
	DESCRIPTION:	Lemon oil stainless polish, blue, lemon oil fragrance.						
	USED FOR:	Stapol is a unique one step application that restores brilliance to stainless steel. It removes light soils, restores depth and colour to treated finishes, helps seal out corrosion, and protects against smudging and staining on kitchen units, fridgerators, steam tables, counter tops, back bars, elevator doors, and any other area where stainless steel is found.						
	ADVANTAGES:	<p>Stapol safely cleans and brightens steel, chrome and other bright metals, and its blend of synthetic agents provides perfect optical conditions for light reflection evenly, without clouding.</p> <p>Safely cleans and brightens, Provides optical conditions for light reflection. Seals finish from corrosion. Resists fingerprint marks. Easy to use. Economical.</p>						
	DIRECTIONS:	If stainless steel has heavy accumulation of dirt, grease, etc., clean first with a 10% solution of BLAST. Spray a small amount of Stapol on a clean, damp cloth. Wipe gently over entire surface area. Stapol will not scratch surface. Do not rub against grain. Polish with a dry clean cloth. Daily polishing with Stapol will keep grease and dirt from building on stainless steel and keep finishes gleaming.
